FILE HEADING

Proposal regarding the transfer of the mal talm of Balagada, near Koppa to Government

From

The Deputy Commr, Kadur Dt

No. OC 201 of 19—20 Dated 11 April 1921 Received 14th April 1921

Secretary No 7698 Enclo 4 Spare Copies Serial No

FILE ABSTRACT OF LETTER

Submits the resolution of the mal sabha of Koppa that he requested to make a monthly grant of Rs 50/- to the mal sabha to enable them to pay better attention to the sanitary needs of the locality of Balagada near Koppa ~~suggesting~~ recommending that the locality be taken over by Govt and thereafter by a departmental agency

NOTES AND ORDERS

1) As per Consolidated Budget Estimates the financial condition of the Koppa sabha is as follows —

Opening Balance Rs 12,838-
Total Receipts Rs 3,740
Total Expenditure Rs 12,05-9
Closing Balance Rs 0,5-16

2) The population of Koppa according to the Census of 1911 is 1198

NOTES—First Sheet.

G R. S. III 2]

General and Revenue Secretariat | ml File No 207 of 1920

Serial No

3) Balagady forms the official suburbs of Koppa town and is separated from the town proper by over a distance of a mile

4) The mal cl of Koppa have resolved that the area do continue within the mal limits and that Govt be requested to remit a sum of Rs 50/ two mal cl as addition to the existing grant of Rs 23612 o a year so as to pay better attention to the mal admn of the locality

This is not feasible - W

5) The Deputy Comm, the Dy Sanitary Offr and the Rev Comm are of opinion that Balagady had better be taken over by Govt and looked after by a departmental

This is not beyond doubt, I think W

6 The Dy Com recommends the idea of a departmental agency because it will be less expensive and more satisfactory

7) The opinion of the mal cl that if Balagady be excluded from the mal limits the strength will be impaired very much as much as Koppa is surrounded by it and the population of the town proper will only be 600

8) Submitted for orders

W 21/4

9) The Dy Com's recommendation may perhaps be given a trial

The amount which the Kaira municipality has been spending on the roads along Balasar (and which it has necessarily to do if the place is to be properly conserved) bears a fair and proportion to the income which it draws from the place. But the interests of the rest of the municipal area is so large as necessary that the Municipality should be relieved of the charge of the Balasar area by it being excluded from the Municipality or the Municipal Board should be given a suitable grant from Govt to supplement its receipts from Balasar. ~~Something may be said~~ Arguments may be advanced in favour of as well as against either of the above mentioned alternatives. But so long as either alternative is sanctioned - which I submit is necessary to do in the interests of the Municipality it is not of much moment which is in force or sanctioned.

Answer from Re 10/6/21

B [illegible], Esq., B.A, B.L
SECRETARY TO THE GOVERNMENT OF
HIS HIGHNESS THE MAHARAJA OF MYSORE,
Revenue DEPARTMENT,
BANGALORE

SIR,

I have the honour to state that in view of the fact that the amount of expenditure incurred annually on the Conservancy, Sanitation and other arrangements of Balagadi, where the Koppa Taluk Office and Government Quarters for officials are situated, was much in excess of the annual income derived by the Municipal Council in the shape of house tax on the buildings, and that the Municipality could not make satisfactory arrangements to provide the locality with the required conveniences in spite of such expenditure, a proposal was made by the District Sanitary Officer that the general management of the area be taken over by Government in all sanitary and municipal matters, and run through by a departmental agency

2 The proposal having been referred to the -- Municipal Council for their opinion, they have resolved, at their meeting held on the 24th January 1921, that the area do continue within the Municipal limits and that Government be requested to make a monthly grant of Rs 50/- to the -- Municipal Council, in addition to the tax now paid, so as

to

(11

to enable them to pay better attention to the Municipal Administration of the locality A copy of their resolution is herein enclosed

3 The amount of house-tax payable to the Municipality on the Government residential quarters in Balagady is R 236-12-0 per annum as at present The contribution required by the Municipal Council is R$ 600/- per year, so that a sum of R 836-12-0 will have to be paid by Government In lieu of this, I would propose that the locality be removed from the unicipal area and taken over by Government for management as suggested by the District Sanitary Officer The Revenue Commissioner in ysore, Mr h R Srinivasa Iyengar, was also of the same opinion when he last visited Koppa in December 1920 An extract from his tour notes received with his No C 2582/G1 20-21 dated the 10th January 1921 is herewith submitted

4 For the Conservancy and Sanitation of Balagady two sweepers and a scavenger on a monthly pay of R 15/- each, to work under the Revenue authorities, will perhaps do Repairs to roads and drains and Water supply may be attended to at an average annual expenditure of R 250/- Though the savings in expenditure may be very small, it is certain that Sanitary and Conservancy arrangements will be on a more satisfactory basis The locality is besides far away from the town and is inhabited only by Government officials and it is only fair that the Municipality shoudd be relieved of the responsibility of looking to the needs thereof

5 An extract from the notes of inspection of the District Sanitary Officer and a statement showing the annual income from Balagady Official Quarters and the annual expenditure incurred thereon by the Municipality during the past nine years (from 1911-12 to 1919-20) are hereto annexed)

I have the honour to be

NOTES OF GENERAL SANITATION ON BALAGADY, KOPPA TOWN

Balagady almost entirely forms the official quarters of Koppa town. It is however considered as part of the Municipality though it is separated from the town proper by over a distance of a mile

x x x x x

5 CONSERVANCY - It is no doubt very difficult to procure scavengers at Koppa, unless they are very liberally paid It is customery that these people will work for a few months and then run away The Municipal body may complain that they have no funds to pay them reasonably It is no wonder that the scavengers strike work and disappear Moreover it is possible that the unicipality may say they need not be too liberal to depute a certain number of extra sweepers to Balagady for the sale of a few officials Under these circumstances, it seems desirable that the general management of Balagady be taken over by Government in all Sanitary and Municipa matters and run through by a departmental agency This will improve matters considerably and save a great deal of friction

A staff of one peon with 3 scavengers will be quite enough for Balagady A hand cart for removal of rubbish etc , is necessary Latrines should be provided for all houses The scavengers will attend to sweeping in the day time and removal of rank vegetation in the premises in the afternoon I am sure under this system of working, there may be expected better life and more healthy and environments in Balagady

Town Notes of the Revenue Commissioner in my Zone in the Kaduna Division during the month of December 1920 —

— x —

11th Days 1920

The Municipal Vice President Mr Hallahan seems to be taking considerable interest in the working of the Municipality. A good portion of the municipal money is now spent on Belgade where the Sabon Gari people live and all the buildings belong to Government — Noted by the Vice President that the maintenance of Belgade which is entirely an official Colony, should be undertaken by Government, as the Kopa Municipality is too poor to spare any money for it. I think the representation is quite reasonable and deserves favourable consideration —
